Mrs. Robert Johnson Has New "Seeing Eye" Dog MAN ORDERED TO By BEN BURROUGHS TO Guide Her In Activities At Home, In Traffic into custody and took him before Justice of the Peace William Y.

Mrs. Robert Johnson, Harrisburg Rd., who has been blind since birth, plans to become much better acquainted with Gettysburg now that she has a new Seeing Eye dog, just recently trained at the Seeing Eye, Morristown, N. J. "Dot," the 32-month-old boxer, is Betty's (Mrs. Johnson) second Seeing Eye dog. Her first, "Ko-Ko," died after nine years of service and was about 12

In an interview with Mrs. Johnson soon after she returned from Morristown, N. J., she told a Times reporter that she had to train with the dog for two weeks and previous to that, the animal's trainer spent three months readying the dog for his task. When a blind person goes for his first dog he must spend one month in training with it, but for replacements, the time is reduced to about two weeks.

Mrs. Johnson said Seeing Eyes, Inc., stresses "don't obey that impulse - if it urges you to pet or interfere with a Seeing Eye dog. Attempting to help a Seeing Eye graduate across the street or around obstacles is distracting to dog and master," according to the Seeing Eye school president, James Carey.
